Attire Inspiration

April 24, 2026

**Frederik Meijer Gardens
& Sculpture Park**

Garden Elegance

Set within the natural beauty of Frederik Meijer Gardens, the evening invites a sense of softness and movement.

Flowing fabrics, floral tones, and subtle textures complement the surrounding environment.

Refined Formal Attire

An evening at the opera calls for polished, elegant style.

Classic silhouettes, tailored suiting, and timeless gowns are always appropriate — but above all, choose something that feels comfortable and true to you.

Cultural Nods

In celebration of *Madama Butterfly*, guests may draw inspiration from Japanese aesthetics through subtle and refined details.

Consider elements such as:

- **Clean lines** simple, structured silhouettes and uncluttered designs
- **Delicate patterns & florals** understated prints inspired by nature, such as blossoms or organic motifs
- **Soft color palettes** muted tones like ivory, blush, sage, or deep navy
- **Elegant textures** silk, chiffon, or other lightweight fabrics that create movement
